

SEARCHING FOR A NEW MEMBER

We are looking for 1 parent for our new parentage.

If you are a parent who has a child attending the Sacred Heart School; thinks along regularly and is passionate about the development of the school and its education, you can do so in the Participation Council.

Knowledge of matters in and around school is not really important. The involvement in the school is what matters!

If you are interested please email us of your interest and further details to:

PARTICIPATION COUNCIL

MEDEZEGG ENSCHAPS RAAD(MR)

At Sacred Heart School, you would like to know that your child feels safe, develop well and learns what she or he needs when it comes to education. Every day your children come home with stories about what transpired in school, whether it's about the classroom, friends, teachers and as a school in general. Sometimes, as a parent, we have concerns about our child's education, safety or the changes in school policy. That is where the Participation Council (MR) comes in. With consultation with The board and management, discussed the school policy and associated policy plans. It can relate to various areas, such as the use of the funds, the school plan, the quality of education, safety in and around school, etc.

By law, every school in The Netherlands and Dutch Caribbean has a Participation Council / Medezeggenschapsraad (MR). The participation council consists of representatives of staff and parents at the school.

As a MR, we have three rights:

- The right of consent (The board must obtain the approval of the MR)
- The right to advise (The board asks the advice of the MR)
- The right of initiative (The MR can come up with proposals)

The Sacred Heart School MR is committed to working closely with the school management and parents. Through the MR, parents and teachers can have a say in decisions that affect the school.

The MR is trying to promote an atmosphere of openness and democracy, so that all those involved are aware of what is happening.

The MR of the Sacred Heart School consists of 5 members at this time:

2 members from the parents: Tiffany Zagers, Randall Johnson

3 members from the staff: Alison Hassel, Sundiata Lake, Camille Johnson
